

Assumptions About Learning

Directions: Test your knowledge of learning. Listed below are several statements about learning. Answer T for true and F for false beside each statement.

1. _____ People of all ages have the potential to learn.
2. _____ Individuals learn at different rates and in different ways.
3. _____ A new learning situation may cause stress.
4. _____ Learning is easier when the environment is comfortable.
5. _____ For optimal learning, the learning environment must be one of trust and acceptance.
6. _____ Learning is more effective when you can relate the material to your own life experiences.
7. _____ For long-term learning, you should analyze, clarify, or articulate your new knowledge to others.

Score: All learning statements are true. Give yourself a pat on the back if you answered T to each statement. You know a lot about learning and will do well in college.
