

## Glencoe Curriculum Portfolio Activities—Unit 6

### Language Arts 1

**Create a presentation about a trip you have taken.**

Read the article “*from* On the Road with Charles Kuralt.” Mr. Kuralt traveled across the United States for many years visiting all kinds of places—big towns, small towns, towns with funny names. He made stories for television about these towns and about his travels.

Think about a trip you have taken. It may be to a foreign country, to another state, or to the market on the corner. Write a presentation about your trip. Describe where you went and people you met or saw. Find some photos and clip art to illustrate your presentation.

Key the presentation into presentation software such as PowerPoint®. Format it according to the directions in your textbook. Add photos and clip art. Spell-check and proofread your presentation.
