

# CHAPTER 6 WISE USE OF OUR RESOURCES

## Get the Big Picture

Find the red and blue headings in Chapter 6 of your textbook. Use the red headings to fill in the rectangles in the idea map below. Use the blue headings to fill in the ovals. Some of the rectangles and ovals have been filled in for you.

### 6.1 Effects of Human Activities on Our Resources

### 6.2 Maintaining the Natural Balance

Each statement below goes with one of the red headings in the rectangles above. Write the letter of each red heading on the line in front of the statement it goes with.

- \_\_\_\_\_ Conservation and preservation prevent the destruction of organisms.
- \_\_\_\_\_ Water and oxygen are renewable resources. Fossil fuels are nonrenewable resources.
- \_\_\_\_\_ Air, water, and land are parts of the environment that suffer from pollution.
- \_\_\_\_\_ The demand for resources grows with the increase in human population.
