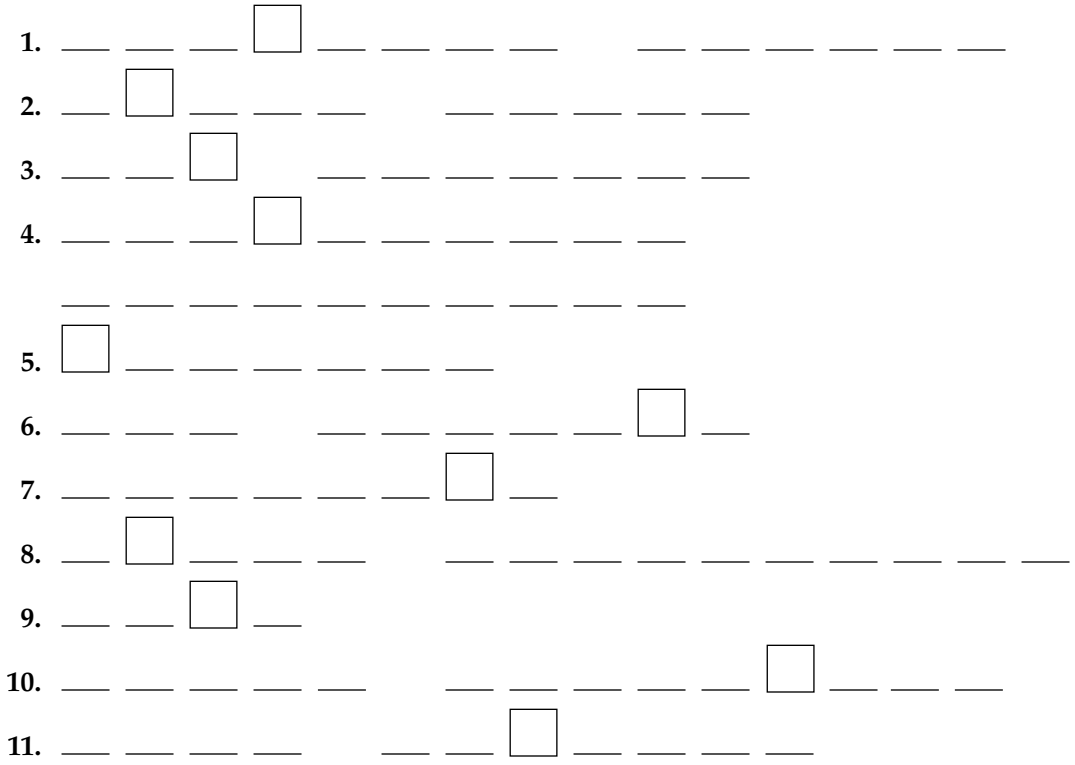
Chapter 14

Use with Section 3

REINFORCEMENT

• Movement of Air

Write the term that matches each description below on the spaces provided. Write one letter in each space. Use the letters in the boxes to write a phrase related to the lesson. Use your textbook as a reference.



1. The deflection of air masses resulting from Earth's eastward rotation
2. Winds that provide a dependable route for trade
3. Cool breezes during the day caused by differences in heating and cooling rates of land and water
4. Winds generally responsible for the movement of weather across the United States and Canada
5. Imaginary line around the middle of Earth
6. Narrow belts of strong winds at high altitudes which blow near the top of the troposphere
7. Windless zone at the equator which sailing vessels try to avoid
8. Winds that blow from the North and South Poles
9. Caused by the uneven heating of Earth and its atmosphere
10. Heat from the sun
11. Cool breezes at night caused by differences in heating and cooling rates of land and water

Unscramble the letters in the boxes to make a phrase.

The phrase is: _____
