

Chapter 16

Use with Section 1

REINFORCEMENT

● Simple Organic Compounds

Read the questions below and then find the answers in the box. Circle each answer you find and label it with the number of the question that it answers.

- The word _____ means "derived from a living organism."
- Organic compounds are alike in that they all contain _____.
- Compounds made of carbon and hydrogen are called _____.
- One simple hydrocarbon is the gas used for heating and cooking, or _____.
- When all the bonds of a hydrocarbon are _____, the molecule is saturated.
- Unsaturated hydrocarbon molecules may have double or triple _____.
- Hydrocarbons that form rings have the prefix _____.
- Compounds with the same formula but different structures are called _____.

L	P	B	A	E	F	G	K	N	Q	C	P	E
O	M	S	I	N	G	L	E	O	I	Z	R	Y
